Dear Sir:

The Director of the Columbus Gallery of Fine Arts has referred me to you for information regarding a portrait of the artist by Ferdinand Bol exhibited in the Loan Exhibition at your gallery early in 1928. May I ask whether a reproduction of this painting appeared in 'Academy Notes' or elsewhere and whether you have a photograph of the painting which may be purchased. If no reproduction is available, can you tell me whether the portrait has been reproduced at any time and, if so, where? together with any details concerning the provenance of the picture which you would consider of help in identifying it.

Thanking you for your coöperation, I am

Very truly yours,

Secretary
